I went to rehab the night of May 17, 2023.
It happened after I had a friend come over to my house, and I kept going in the bathroom and smoking shit.
Eventually, I took so much that I was fucking falling asleep on them.
Then they had an intervention.
On August 15, 2024, I officially left, and it was one of the best experiences of my life.
It made me realize that I had been living in my own world.
I thought I knew everything.
I've been trying to rebel my whole life because I hate myself so much.

I want to apologize to all the people I harassed or ignored the cries of in the past 15 years of my life knowing how much of a dick I was.

I do not expect forgiveness but understanding thank you.
